WILL "JACK THE RIPPER" CLAIM EIGHTH VICTIM THIS SATURDAY?

Police Are on Lookout for Repetition of Periodic Mania of Mysterious Black Who Has Killed Seven Negro Women in Past Seven Weeks

Lena Sharpe, daughter of the seventh victim of Atlanta's "Jack the Ripper," has positively declared that Henry Williams, the negro now in the tower, charged with attacking little negro girls, is not the man who killed her mother last Saturday night and subsequently attacked her.

The police now know that the "ripper" is not behind the bars, and consequently the officers at police headquarters confidently predict that he supposed madman will claim another victim Saturday night.

For the past seven Saturday nights a negro has been brutally murdered, presumably by the same person, and the police and coroner are waiting for the call which will mark the passing of the eighth victim.

The operations of the mysterious negro have all been in different parts of the city, so the police have no idea in what locality they might secret off-beat during the early part of Saturday night in an effort to prevent another murder.

Coroner Paul Denison, who has held inquests over the bodies of each of the

Negro's victims, states that while a number of negro women have been killed in the city the work of the "ripper" seems unmistakable. Other mysterious murders have occurred, he said, where women were the victims, and where no clue to the slayer was ever unearthed, but the dead bodies found each Saturday night for such a long period, have been the work of the same maniac.

A peculiarity concerning the crimes of the negro is that all of his victims have met their death on Saturday night. From the consecutive manner in which the crimes have been committed, the police believe that it has now become a mark of the man to murder a woman each Saturday.

"He comes," says a veteran officer Saturday morning. "The negro will kill a woman before midnight Saturday. The body may not be found during the evening, but the crime is certain to be committed."

"He'll kill one too many some day," continued the veteran. "And then he will swing, unless a mob composed of his own race, get him before the police."

The largest single contract in Baltimore was last Wednesday to M. M. Elkan, of Marine, a authority of that city, to construct a drainage in the bed of Jones' River. Elkan is also president of the Constitution Company, of All, the work will be done under a vision of H. L. There were 12 bids received on July 5. To bid on contracts, I had to give a certified check and before the work is started to give the bond for the whole of the contract, which is one million dollars. The work will be completed in 18 months.

For the last several years Baltimore has been making improvements in her water

THE RIPPER WOULD LIKE YOU TO IGNORE THIS.

The last thing that the vicious, cowardly killer and mutilator of twelve defenceless women wants is for you to read this and act on it.

Because if every single one of us starts looking, listening and thinking hard, the Ripper's days are numbered.

Here's what you can do to help.

LOOK CLOSELY AT THE HANDWRITING.

It's the writing of a sadistic killer.

And if you think you recognise it from a note, letter, envelope, signature, cheque, anything, report it to your local police.

LISTEN TO THE KILLER'S VOICE.

By phoning LEEDS (STD 0532) 464111 you can hear probably the most important clue to the killer's identity. His voice.

It won't be a pleasant experience, but it could lead to the end of these brutal murders.

If you think you recognise the voice, tell the police.

THINK ABOUT THE PEOPLE AROUND YOU.

Their voices (North Eastern accent?)

Their handwriting (is it like the sample?)

I have already written concerning the recent Ripper murders. I told him and I was telling you to warn them 16 take against and soon when best gets off.

Their travels to and from the North East. To and from the Bradford, Leeds, Preston, Huddersfield, Manchester or Halifax areas. Or northwards from anywhere south of any of these areas.

Their attitudes towards women, especially prostitutes. If it adds up to reasonable grounds for suspicion, however slight, report it to the police.

DO THESE DATES AND PLACES MEAN ANYTHING TO YOU?

Think very carefully about these dates and places. What were you doing? What do you remember?

Anything odd or out of place. The slightest detail could help.

30-31 Oct. 1975: Leeds 1-2 Oct. 1977: Manchester
20-21 Nov. 1975: Preston 21-22 Jan. 1978: Bradford

20-21 Jan. 1976: Leeds 31-1 Feb/Feb 1978: Huddersfield
5-6 Feb. 1977: Leeds 16-17 May 1978: Manchester
23-24 April 1977: Bradford 4-5 April 1979: Halifax
26-27 June 1977: Leeds 1-2 Sept. 1979: Bradford

A WORD OF WARNING.

It is now believed that the Ripper draws no distinction between ordinary women and prostitutes.

So, please, if you're a woman, think twice about going out alone at night.

Especially in the type of areas the Ripper favours.

£30,000 REWARD.

Money is the last reason for putting away this monster. But if it helps you think hard and helps us stop the killing, it's yours for information leading to the arrest of the murderer.
